## Hawaii Bicycling League Neighborhood Advocacy Meeting

Ewa (Neighborhood Board 23 area)

Date: 10/3/17

Participants: Joshua Radi, Eileen Gawrys, John Rogers, Lee Stewart, Bruce Carlson, Cheryl Bennett, Curtis Fehsenfeld, Daniel Alexander (HBL staff, meeting facilitator)

### Major Priorities:

1. Completion of the Leeward Bikeway was agreed as the top priority – people would like to see it well maintained, moped-free, and with lighting throughout
2. Extending the bike lanes on Farrington to provide a more direct Kapolei-Ewa connection was agreed as a top priority
3. Extending the bike path the length of Fort Weaver Road was agreed as a top priority because it serves a crucial mauka/makai route and links directly to several schools, including Campbell HS which already has high bicycle use.

### Other Important Bikeway Items:

- Kapolei Pkwy protected bike lanes
- Geiger Rd/Iroquois Rd – the bike path swaps from side to side and is inefficient to use – this should either be corrected by installing new bike path sections to ensure it stays on one side and has convenient connections or there should be on-street bike lanes
- New bike path connecting Oneula Beach to White Plains
- Extend new bike path that connects to Ewa Makai Middle School further west to link to Ocean Point neighborhood
- Roosevelt Avenue should have bike lanes
- Renton Rd should have bike lanes (get rid of the sparsely used parking)
- Complete the bike path on Kualakai Pkwy
- Open Coral Sea Rd further west to connect Saratoga St
- Kunia Rd bike path to link Ewa to Central Oahu

### Other Important Item:

The Ewa area has many unmarked multi-use paths, the group agreed that marking these would increase awareness that they are legal bikeways and encourage their use.
