

Walking & Bicycling Questionnaire for Candidates

This Walking & Biking Questionnaire for State Candidates was developed by Hawaii Bicycling League, Kauai Path, Maui Bicycling League, and PATH - Peoples Advocacy for Trails Hawaii to address current state issues of importance for walking and bicycling. Your responses will be made available online and distributed to our organizations' email networks. Your response will NOT be used as the basis for any endorsements. Your response will be displayed verbatim as you provide. Please respond by July 11, 2018. Late responses will be accepted and will be posted as promptly as practical.

Thank you!

2. Hawaii received \$178 million in federal transportation funds in 2018, while only 2% of this amount is reserved for walking and bicycling projects, the state Department of Transportation has the option to use larger portions of these funds for walking and bicycling projects. I support increased use of Hawaii's federal transportation funding allocations for bicycle and pedestrian projects to make walking and bicycling safer. (YES or No, and any comments) *

Dollars should be strategically allocated based on high density areas.

3. The state Department of Transportation's 2003 Bike Plan Hawaii provides a plan for development of a network of bicycle facilities to enable those of all ages to cycle for transportation. The plan has not been fully implemented. I support the immediate updating of this 15-year-old plan in order to integrate new bikeway planning practices and make it more applicable to current conditions. (YES or No, and any comments) *

le: Kakaako, Waikiki, downtown, etc.

5. Vision Zero is a government commitment to achieve zero traffic fatalities tied with a comprehensive approach and specific actions in engineering, enforcement, and education. I support the adoption of a "Vision Zero" policy at the state level and development of a comprehensive plan with specific actions to achieve zero traffic fatalities. (YES or No, and any comments) *

6. Red light and speed enforcement cameras have been proven to improve traffic safety for all roadway users (motorists, bicyclists, and pedestrians) by reducing incidents of red light and speed violations. I support the implementation of red light and speed enforcement cameras at high injury intersections and corridors and in school zones. *

A highly efficient strategy with focus on prevention. This is great.

7. Describe ways that you have supported safer walking and bicycling in your community. (short answer) *

I will advocate for sidewalks in older parts of Ewa Beach.

8. The State has the Bike Plan Hawaii (2003) and the Statewide Pedestrian Master Plan (2013) for bicycle and pedestrian improvements. What will you do when elected to implement these plan? (short answer) *

Work with advocates and organizations committed to the plan.
